

# Futurethon – Explore the future

We continuously strive to enhance our living and working environments. The environments we live in today are almost unrecognisable from those that existed before the internet – not just in aesthetic capacity, but in the way we function within in. Our living spaces have much more to benefit from the digital ecosystem and connectivity that surrounds us today. How will future development shape the way we interact with our living spaces?

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
